To whom it may concern,

Edward Butowsky is currently under my care. On August 4th, 2020 while the patient was hospitalized for an upcoming hip replacement, the patient was found to be unresponsive and in sudden cardiac arrest and subsequently a code blue was triggered. Advanced cardiac life support measures were enacted which included 13 minutes of CPR, defibrillation, and intubation. He remained in the ICU for an additional 2 days and then was transferred to telemetry for an additional 2 days thereafter. If you still require any additional information, please do not hesitate to call or fax at the number above.

Sincerely,

Christina Kuo
